

CyberATS identity

Approved signal mark and outlined Manrope wordmark. Website, product, and partner materials.

Brand palette

Use the supplied masters

- Preserve the exact shape, proportions, lettering, spacing, and gradient direction.
- Leave clear space equal to at least half the signal mark's width on all sides.
- Recommended minimum widths: full logo 140px; standalone signal 20px.
- Use light artwork on light surfaces, dark artwork on dark surfaces, and single-color variants when needed.
- Prefer SVG for web and print. Transparent PNGs are supplied for applications that need raster assets.

Operational color

Open #CF3E43 Suspended #9F2427 Closed #188355 Cancelled #69747E

CyberATS · cyber-ats.com

The wordmark uses Manrope under the SIL Open Font License. Lettering is outlined; no font installation is required. CyberATS artwork remains the property of its owner.
